VACANCY NOTICE

25X1A

1. The following is a listing of Logistics jobs overseas, and at [REDACTED] scheduled to rotate in calendar year 1976. Logistics careerists currently overseas are also being notified.

2. As in the past, selection of candidates will be based on qualifications, experience, ranking, and career development. There is a significant reduction in jobs available compared to those listed a year ago. It, therefore, means that competition for this diminished number of opportunities will be more intense than in the past. It should be remembered that panels are charged with the responsibility of recommending the best qualified candidate for each position from among all of our careerists, not necessarily a selection limited only from among those who applied.

25X1A

3. Anyone interested in making application should contact [REDACTED] no later than 16 December 1975 on extension 2657.
